

SBC TLS Certificates using Simple Authority

INTRODUCTION AND PURPOSE:

The purpose of this guide is to provide step by step, quick and easy way to deploy TLS. You will learn how to issue and install certificates for a scenario like this one:

Will show how to configure TLS on the SBC in the right side of the figure and enable TLS on the phones (endpoints).

To do this we are using Free version of Simple Authority CA management tool you can get here:

<http://simpleauthority.com/download.html>

CONFIGURING YOUR CA & ISSUING CERTIFICATES

All the details on how to do the configuration are explained in this document: [TLS for SBC Using Simple Authority.pdf](#)
